

Geyer Advisors LLC

Strategic Consulting for Natural Resource Businesses

Who We Are

Geyer Advisors is a specialized consulting firm serving the forestry, wood products manufacturing, and broader natural resource sectors. We offer two complementary practices: business strategy and government affairs. Our mission is to help clients unlock value, achieve cost-savings, and navigate complex transactions and regulatory environments.

What We Do

- **Business Strategy:** We guide companies through strategic business development, acquisitions and divestitures, real estate optimization, market analysis, corporate positioning, and identification of growth opportunities.
- **Government Affairs:** We provide advocacy and guidance for federal, state, and local policy issues. Our team is adept at managing legislative and regulatory challenges, building relationships with key stakeholders, and representing client interests in public forums.

Why Choose Us

With a history of executive leadership in the timber and wood products industry, Eric Geyer, Principal, brings a proven track record and 30 years of experience covering North America, with a special emphasis on the Pacific Northwest, U.S. Southeast, and Eastern Canada.

Key Skills & Competencies

- Strategy and Problem-Solving
- Negotiations
- Financial Analysis
